

INTERSOG

RIDING TECHNOLOGY'S WAVE

WHO WE ARE

We are a global provider of full-cycle custom software engineering and agile team staffing solutions with headquarters in Chicago, the USA, and R&D centers in Ukraine, Canada, and Israel.

We help clients build and manage their own nearshore software development team as an organic extension of their in-house IT department or a standalone development unit.

DO MORE WITH FEWER INVESTMENT

MINIMIZE YOUR STARTUP BUDGETS
WITHOUT COMPROMISING ON
PRODUCT QUALITY!

25% **CUT-BACK
IN SPENDING**

Due to different payment options and models of cooperation depending on your requirements.

\$10k **DISCOUNT ON
THE TOTAL COST**

Hire a team of over two IT specialists and get a project sprint for free.

0% **ADDITIONAL
PAYMENTS**

No hidden agenda or overhead fees, as you pay for what you get.

ENJOY MANAGERIAL FLEXIBILITY

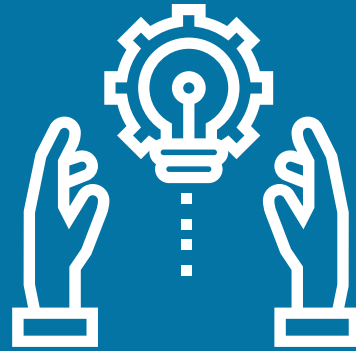

- **Engage** your specialist on a long-term or short-term basis.
- **Interview** the candidates personally before hiring them.
- **Scale** your team up or down according to your needs.
- **Visit** your team, as frequently as you wish.
You're always welcome at Intersog!

WE CAN

handle any project.
Literally any

Our expertise allows us to build a professional team no matter what technology you use and what industry your business belongs to.

WE DO

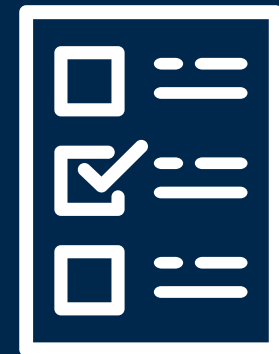

protect your
intellectual property

We guarantee your code ownership. You can be 100% positive that no bit of information will be submitted to a 3rd party.

WE WILL

take care of your
non-core functions

Focus on your key product refinement and rely front-end development, software testing or design issues on Intersog's team.
